his mailing contains almost all documents for the Congress in Colchester, ngland, July 24th 1989. What is missing is the financial report which Jacques oetsch has promised to compile and mail separately to all associations and to resent at the Congress.

have some questions that you may have answers for:

-) Is anyone interested in hosting a WFDF bulletin board somewhere in sia/Australia? If you have the hardware I can supply the nescesary software.
-) Is anyone interested in representing WFDF at the GAISF Congress/General ssembly in Budapest, Hungary in October? Unfortunately WFDF can't cover your xpenses.
-) Has anyone good connections with a stabil manufacturer of medals? WFDF is nvestigating the possibility to design a standard medal for all WFDF world hampionships. The organisers of the tournaments can then order the amount they ant with the inscription on the back suiting their tournament.
-) Have you got any good ideas for financial support of WFDF?

ny answers or suggestions can be made to the WFDF secretary:

§ 11 - MEMBERSHIP: FEEStand quarrone and nate you not perfect was

Decision on membership and other fees. There should also be a discussion on how to pay these fees, since Jacques says that the small membership fees are almost eaten by bankcharges.

§ 12 PLAN OF ACTION

The obvious things are rolling now, like rules updates, records and such. The big work for WFDF should lie on the educational side with aiding the member associations in organising and spreading the sport. BUT it is inevitble that this task is costly and the money coming in is just enough to keep WFDF with stamps, GAISF fee, printing costs and so. To expect more from WFDF we must find ways to aquire more money for WFDF. Where and how that can come must be the big question here. We can't expect elected people giving their free time to also pay for the development.

§ 13 BUDGET

As long as the financial side looks as it does there is not much to budget. It just about cover the minimal costs. But if §12 give any positive ideas we can discuss what to aim for here.

§ 14 PROPOSALS

I (Secretary) has done some investigation in the possibility of developing a standardized medal for all WFDF world championships. The medal shoul look

xactly alike on the front and be clean on the back so we can ingrave which ournament, date, and division. There should be gold-silver-bronze and maybe ron medals. Since many events are played with four finalists. The medal should e given to all individual medalists and to all persons playing in teams. If his is a good idea we must find a company that has reasonble prices for etting up the medal, and producing each years demand, but also be a company hat does not dissappear after a couple of years.

have also a question concering agelimits for divisions. I have the firm elief that we decided that the agelimit should be calculated on yearly basis. o if you turn 19 during the year you are allowed to compete in the juniors eam throughout the year. I think this is important since this is how school-lasses are made up and many teams are formed from schoolmates. If you alculate the agelimit on the day of birth you might break teams that are ompeting together.

here is also a question on the relationship between the 9th edition of UPA ules and the WFDF rulebook.

e have further the GAISF General Assebly in Hungary in october if anyone is nterested (at their own expence) to go there.

§ 15 MOTIONS

o motions has been recieved.

§ 16 WORLD CHAMPIONSHIPS

n 1990 we have the World Ultimate and Guts in Oslo, Norway.
n 1991 we have a bid from Toronto in hosting the World Ultimate Club champ.
n 1991 we should have a World Individual Championship. Bids???
n 1992 we have the World Ultimate and Guts in Tokyo, Japan.
n 1993 we have nothing so far. Bids??

§ 17 HONORARY MEMBERS (3) The statement of the permanent of the statement of the statement

o nominations for appointing Honorary members has been recieved.

§ 18 CLOSING

'his will close the Congress. But we hope that the above will run quite fast so hat we can spend some time in the various elected groups discussing matters and future work.

WFDF ANNUAL REPORT 1988-89

he work on the rulebook has continued with the third edition printed during he spring of 1989.

he board decided to send a number of rulebooks to each association in the hope hat the associations can sell these and then send the money to WFDF. Last ears edition has in large numbers been left unsold. Spreading them closer to be players might improve distribution.

or each year that passes the changes in the rules are smaller and smaller and t is mostly finer adjustment that needs to be done until, eventually any big evelopments occur in the sport which needs to be covered by the rules.

he biannual reports has been collected, but the number of associations that as fulfilled the "obligation" to submit the report twice a year can easily be ounted. There are still associations that has not submitted their report at ll, and many who has not done so this year. See the attached list and check if our association has answered this year. If not do so immediately and a new ist can be produced before the Congress.

FDF started cooperation with the UPA bulletin board system and in late ovember opened a WFDF forum in Sweden. The board contains different sorts of information like tournament invitations, results, discussion forums, rules, tatutes etc. It is open 24 hours a day. The usage is not that high yet but as the news of the board slowly spread it can be an important source of information exchange for the flying disc society worldwide.

The to financial considerations the board has not held any phonemeeting this contact with letters, tapes and normal phonecalls. A phonemeeting with the five members of the board lasting for about half an hour costs about 1500 SKR.

 $\frac{\text{APPLICATION TO ARRANGE FOR THE WORLD ULTIMATE AND GUTS CHAMPIONSHIPS}}{\text{IN } 1992}.$

Dear President,

Japan Flying Disc Association(JFDA) will hereby apply officially the World Fling Disc Federation for Japan to host the World Ultimate & Guts Championships in 1992. We have held the All Japan Ultimate & Guts Championships once a year since 1977. And, since 1985, we have exchanged the Ultimate & Guts players with the Republic of China(Taiwan).

In Asia, only two countries have the National Flying Disc Association. However, if we can have the World Ultimte & Guts Championships in Japan, many Asian countries (Korea, Singapore, Philippines, Hong Kong, China and so on) must be interested in Flying Disc sports.

Dear Johan:

I hope this correspondence finds you in good health. Regarding your request of April 21, 1989, please be advised that the Rules Committee's only task was to update the Rules for 1989. As far as the involvement in the Committee members, due to the time constraints imposed on us to get the Rules finished for printing, I was unable to call upon any of the members to assist me in the revisions. Accordingly, I did the revisions myself and forwarded copies to some of the Committee members for their approval. The names and addresses of the Committee members are listed on the attached sheet.

If you need anything further, please feel free to contact me.

Very truly yours,

Dear Johan:

I am Sorry to report that the DSC Golf Committee under my leadership has not been very active. I was not informed by Ted Smethers when I would become Chairman, and I have been kept very busy with My position as Commissioner of the Professional Disc Golf Association. I have been vsing Dan "Stuk" Roddick as my ligison with WFDF.

Two areas that have been (or will be) very active in the WFDF Disc Golf Committee are the rules and technical standards for discs. Since I have not utilized my committee people, I am mable to comment on their commitment to WFDF. However, I assure the WFDF Board that I will deducate myself to making the WFDF Disc Golf assumittee one of the most active in WFDF.

I am currently planning to affect WFDF Congress in Essex, UK, if I can get vacation. I am looking forward to meeting your.

Dear Johan,

The DDC committee was in the position of fine tuning the rules this year, after our major re-work last year. I have enclosed copies of my correspondence to the members and the schedule I gave them to work by for your information.

For the part of the second of the part of the second of the

We did have a couple of challenging decisions stymied by tie votes which were ultimately decided by me as chair. This caused some questions to be asked about how committee votes should be handled. Since we had no guidelines on how to settle such issues, I think it would be good to have a standard for committees to follow when they are trying to settle difficult issues. For instance, should the chair be a non-voting observer, voting only in the case of a tie or should he have a vote on all issues? What should the number of committee members be? I suggest the committee be an odd number (7 including a voting chair) to avoid the possibility of ties on voting issues.

All committee members corresponded and worked hard with the exception of Nobuya Kobayashi, who was less active due probably to his involvement with the Japan Open golf tournament. I recommend that he be replaced on the committee.

In an effort to achieve a fresh perspective I am stepping down as chairperson. I am willing to continue as a committee member. I would suggest Scott Zimmerman as the new chairperson, although I'm sure elections will decide the matter.

I am confident the committee has produced a set of rules that will only need fine tuning each year and that DDC play has been served well by the work of these dedicated enthusiasts.

Best regards,

Danny McInnis

Danny Mohnis

I would like to propose a change to Article I - 103.03 Rule Changes. I suggest changing the date that committees shall submit their proposed rule changes from October 1 to November 1, in an effort to give these committees as much time as possible to work. This gives RUC from November 1 to January 1 to do its work, which should be sufficient.

Sincerely,

Danny McInnis

Darry Modernia

Johan.

From my experience with the DDC committee, I would like to submit the following schedule for consideration for implementation by all committee chairpersons to work by for the unification of committee work and submissions of that work.

Also, from my work on the Rulebook, I would like to suggest that it be part of the procedure at Congress meetings to be sure to get addresses and phone numbers of elected members as well as varify this information for returning members to the board and committees.
