## **Candidate Statement**

As the current Chair of the SOTG Committee I intend to continue the work we have been doing for the last few years: ensuring that all players know what Spirit of the Game means.

As such, for 2014-2015 I have 3 objectives:

- 1. Worldwide implementation of an improved SOTG scoring system that can be used as a Spirit teaching and analytics tool.
- 2. Create teaching aids to help federation teach Spirit to their teams
- 3. Determine if/how players, teams, and/or federation should be held accountable for the low Spirit of teams.
