My name is Kate Bergeron and I am running for an At Large position on the WFDF Board of Directors. Most recently, I have been serving as the Treasurer of WFDF (2007-2011). My desires are to continue to work within the WFDF structure to improve our governance, services to our members, and WFDF's reach in the world. Our recent partnership with Ultimate Peace shows that WFDF has the ability to influence more than competitive events in the world of flying disc sports. As disc sports continue to grow, we should take a leading position in keeping spirit and the competitive nature of the game both at the front of our participants minds.

I believe that I can offer the Board support in the areas of fiscal responsibility, antidoping, Spirit of the Game, and overall governance. I have several years of working in the organization of Ultimate events in the United States and served on the Board of Directors of the UPA (now USA Ultimate). In my professional career, I manage a team of engineers that design hardware for Apple, Inc. I am also pursuing an MBA at the Massachusetts Institute of Technology and am excited to be applying my new-found business skills to WFDF affairs.

If you would like to get in touch with me with any specific questions, please email me at kate.bergeron@wfdf.org. Thank you for your support.
