

Individual Events Committee Report, July 2007 to present.
by Harvey Brandt, IE Committee Chair

Early in 2007, Harvey Brandt assumed the duties of IEC chairman on an interim basis.

Ithaca, NY, USA, was selected as the 2007 WFDF WOC event site in late 2006. 2007 WFDF WOC in Ithaca was a very successful event drawing 80 players from several countries.

Late in 2007, Harvey Brandt was elected as the chairman to replace Paul Franz.

Over the course of late 2007 and into 2008, tournaments interested in submitting bids for individual WFDF title events were encouraged to complete paperwork and submit bids.

The Individual Events Committee made recommendations to have the:

- WFDF Distance title determined at the Big D in the Desert event in April 2008. (Three world records were set at this event.)
- WFDF Accuracy and Freestyle titles determined at the World Disc Games, Santa Cruz, CA, USA, in July 2008.
- WFDF SCF and Discathon titles determined at the US Open Championships, Reading, PA, USA, in July 2008.
- WFDF DDC titles determined at the AZ State Overall Championships, Phoenix, AZ, USA, in November 2008.

The WFDF board approved all the above WFDF world title events.

Bids for the 2009 WFDF World Overall Championships were actively sought during late 2007 and early 2008.

Interest was expressed by Ft. Collins, CO, USA; Berlin, Germany; and Jacksonville, FL, USA. Official bids were eventually submitted by Berlin and Jacksonville.

The IEC unanimously recommended the approval of the bid from Jacksonville, FL, USA.

The WFDF board unanimously approved this recommendation and accepted the bid from Jacksonville, FL, USA. Tentative dates for the event are July 5-11, 2009.

The Individual Events Committee is currently at 4 members. I am actively seeking a member from Europe to be added.

Harvey Brandt - chairman

Paul Kenny, Conrad Damon, and Blair Paulsen - members.
