- Present: coordinator of the Ultimate plan Aragua : project to teach Ultimate and disc sports to children in the city of Maracay – Venezuela)

Why am I sending my application to be member of the board of the WFDF as a at large member ?

Disc sports changed my life many years ago and for me the concept of SOTG is a life style that has to applied IN and OUT of the field... and in all sports.

I had travel to many countries because of my involvement with disc sports and the main motivation for me is “the community”... the sharing IN and OUT of the field with players and expectators from different countries with no language, religions or race barriers is very rewarding.

My many years of experience can be an asset on the board and I will help to support the staff and volunteers that make the WFDF possible.

Thanks

Jesus “chuchin” Loreto
